

The DigiPoS Multiplex

Touch Technology from DigiPoS

The New Multiplex screen from DigiPoS delivers high-performance with highly flexible screen technology. Pole, stand or wall mounted the DigiPoS Multiplex fits neatly into any retail or hospitality environment.

The Multiplex's IPx1 rating means it is resistant to drips and spills - ideal for the harsh operating environments EPoS can be subject to. With a choice of add-on peripherals, the DigiPoS Multiplex is the neatest and smartest screen on the market.

The features

- Ultra bright screen
- USB Touch Interface
- Pole, stand or wall mounted
- IPx1 Splash test rated

The options

- 3 Track MSR
- Fingerprint Module
- 8 Key Softkey Bridge
- Pole Display
